Awesome teacher. Very wise and passionate. Always there to help. Made class fun while teaching!

Even though we don't always see eye to eye, I think Sherridon is a great professor who really cares about pre service teachers! This semester she really took the time to help me whenever I needed it. She also is very fast at communicating! I loved learning literacy from her and I wouldn't have asked for anybody else to be my professor!

Great Professor! This second semester with her has been great. I feel that Sherridon is great at teaching us the complex world of children's literacy. Great professor

I absolutely adore Sherridon Sweeney. Her love for literature and children gleams out of her every morning and she is admirable. Her instruction is student-focused and I can tell that she is very knowledgeable. She has sparked my passion for literature and literacy and I cannot say enough great things about Sherridon Sweeney.

I feel like Sherridon put a lot of thought and effort into her class sessions; I never felt like I was doing something that did not have a purpose or that was not worth while.

I really like how you spread out the assignments in this course. It flowed really well and was a very stress free semester.

Sherridon doesn't implement the effective practices that we learn about in our classes. She runs a teacher-centered classroom, & creates assignments based on her teaching-style. However, I can tell that she's very passionate about her field.

Sherridon is really a very sweet and caring professor. She takes into account our schedules and needs of her students - provides a flexible schedule and spends more time on lessons that are needed. She has a holistic view of teaching and provides lots of insight into why and how she teaches the class, modeling for us how we should be in the field. I really appreciate her encouragement and commitment to the betterment of our education.

Sherridon is such an incredible instructor. She makes the lessons applicable to field work, provides helpful, timely feedback, and is meaningful in her grading. She not only conveys her message to her students but INSPIRES them to believe in their work.

Sherridon is very helpful. She loves literacy, and this love rubs off on her students. She puts a lot of work into her teaching and it is much appreciated. She is awesome.

Sherridon was always available to assist out of class and help in any way. She is a wonderful instructor and delivered information in a relevant and powerful way.

Good class, I learned a lot.
Great class. Completing literacy assessment really help me.
I appreciate the Literacy Portfolio. Although it is a lot of work and time consuming, having a focus student was so helpful. I am now able to analyze data, create instructional strategies based on that data, etc. This is one of my favorite courses
I feel like we just touched the surface on comprehension and all that it entails; perhaps we could spend longer on this topic. My PLC group worked really well together, and I enjoyed meeting with my peers to discuss our students and their needs.
I feel that this course made me more confident in regards to teaching literacy. I enjoyed the Literacy Portfolio as it has shown me a lot about who I am as a future educator.
Intermediate literacy is an important and informational course.
It worked out well for me, because I had primary last semester, and intermediate this.
Needs to be consistent when implementing new strategies or ideas in the classroom.
The course is very front-loaded, however, it is helpful as many assignments are due at the end of the semester and stress is high. I really like the model she set for the class schedule.
This course is wonderful.
